Kuwait's Leading HSE Training Provider

Approved training provider 5490

✓ IOSH Approved Training Provider No. 5490 | 13+ Years of HSE Excellence | Internationally Recognised Certification

About This Course

IOSH Managing Safely is an internationally recognised occupational health and safety qualification developed by the Institution of Occupational Safety and Health (IOSH). Designed for managers, supervisors, engineers, and team leaders — no prior H&S qualification needed.

Delivered by National Certification Bureau (NCB) HSE Training & Consultancy in Kuwait, the course equips professionals with practical skills to identify hazards, assess risks, investigate incidents, and drive safety improvements.

Who Should Attend?

- Managers & Supervisors
- Engineers & Team Leaders
- HSE Coordinators
- Operations & Maintenance Staff
- Project Managers
- HR Professionals
